

V Series

V Series Upright Bike

The V Series Upright Bike offers simple get-on-and-go functionality, and efficient and effective workouts for a wide range of exercisers.

Exercisers can start their workouts quickly with the intuitive console.

Optional attachable TV or secure tablet holder offer in-workout entertainment.

FACILITY MANAGEMENT

Standard internet connection provides detailed equipment use information, exerciser insights and preventive maintenance alerts. Connection also enables remote equipment monitoring, which allows our knowledgeable technicians to alert you in the rare case of a problem, often before you know one exists.

Easy seat adjustability for effective exerciser positioning.

Quick-release removable shroud makes serviceability simple
